## Kako se pozivaju recenzenti? (Voditelj teme)

Voditelj teme poziva recenzente na slijedeći način:

- Izabere "PC" menu (na vrhu)

**Program Committee**

Below you will find the table of all PC members in your track ordered by the time of their last access to the PC Web page. All times are GMT.

To get more information about a PC member, edit this information or delete the PC member, click [i](#), [u](#), or [x](#).

To log in as another PC member (that is, see the view of the PC member and/or make actions on her or his behalf), click [l](#).

**Warning:** there are PC members who have never accessed the HRO CIGRE 2017 Web pages (see the table below). It is possible that emails sent by EasyChair never reached these PC members. There are two possible reasons for this. First, the email address may be incorrect. Second, there might be an email delivery problem: mail servers are trying to fight spam mail and so are becoming increasingly hostile and unreliable. We recommend you to check the email addresses of these PC members using the "Email addresses" menu item in the upper right corner and, if they are correct, try to contact these PC members directly to check if they received any email. You can click on the question mark in the table to obtain more information about a PC member.

- Klikne na "Add a new PC member" (desni meni)

## Add a New PC member

You should use this page to add new PC members only if **they already agreed** to be on the program committee. If you add people to your program committee without their consent and they complain to us, we reserve the right to block access to your conference.

### Adding Several PC Members at Once.

To add several people to the program committee, write down each PC member in a separate line using the following format:

```
FirstName LastName <EmailAddress>
```

If a first name<sup>1</sup> or a last name consists of more than one word, put it in double quotes. If there is no first name, leave the first name empty. Examples are given below.

```
Andrei Voronkov <andrei@easychair.org>  
"Juan Antonio" "Navarro Perez" <juan@easychair.org>  
"" Simon <simon@easychair.org>
```

Here 'Navarro Perez' is a last name. Write information about the new PC members in the following area, select their intended role and press the button below.

3. Ako izaberete jednostavniji način, ispunite u tekstu FirstName, LastName, Email recenzenta (u pojedinačnoj liniji), i podnesite (submit) podatak. Grupni unos recenzenata može se dodati istovremeno da se u svaku liniju unese:

FirstName LastName <EmailAddress>

primjer: Niko Nikić <[niko.nikic@tvrka.hr](mailto:niko.nikic@tvrka.hr)>

u slučaju da su složeni imena ili prezimena:

Božidar "Filipović Grčić" <[bfilipovic-grcic@hro-cigre.hr](mailto:bfilipovic-grcic@hro-cigre.hr)>

"Ana Marija" Horvat <[amhorvat@hopa.hr](mailto:amhorvat@hopa.hr)>

4. Potvrdite unos **Add PC Members**.

Kada se unesu svi recenzenti u bazu, moguće je njima preko sustava poslati mail da se prijave na Easychair HRO CIGRE 2017, ali to nije neophodno do dodjele referata na recenziju.

### Kako se dodjeljuje referat recenzentu (Voditelj teme) ?

1. Klikne se na "Assignment" meni
2. Izabere se "Interactive Assignment"
3. Vidi se lista predanih referata. Izabere se klikom ime recenzenta (PC member) kojemu želite dodijeliti referat na recenziju.
4. Odabranim recenzentima može se poslati obavijest o izboru za recenzenta tako da se izabere „Send assignment“ u gornjem desnom uglu.
5. Po potrebi se ispravi tekst i označe referati za koje se želi obavijestiti recenzente.

## Prosljeđivanje zahtjeva za ispravkom autorima (Voditelj teme)

Nakon recenzije posao odrađuju voditelj teme.  
Na **Review** se izabere **Send to authors** i pojavi vam se ekran

**Send Notification and/or Reviews to Authors**

Use this page to send acceptance/rejection notification and/or reviews to corresponding authors.  
Only the latest version of each selected review will be sent.  
**Warning:** never use this page if you only want to send email to authors. EasyChair treats papers whose authors received notifications differently. To send email, [use this page instead](#).  
After you select submissions and edit the message text, you will be asked for a confirmation.  
If you want to check how the sent reviews will look like, click "View an Example" or "Download all reviews" in the upper right corner. The examples will use options you selected in the form below.

**Email and Information**

**Paper Selection**  
Select papers either using the following menu or by selecting individual papers.

You can choose to send notifications, reviews, or both

Send:  notifications  
 reviews (excluding confidential part)

If you send reviews, consider if you should include additional information:

Include:  reviewer's scores  
 reviewer's confidence

Edit the text of your email to the authors. If you choose to send reviews, they will be appended to the email. The email will also include information about the submission number and title.  
You can use the following template variables in the subject and the body of the email:

**Subject:** HRO CIGRE 2015 notification for paper [NUMBER]

Message:

Selektirajte kome šaljete.

Ako je to dorada, označite taj referat i ispunite što mu želite poslati.

**Notification** se odnosi na novi tekst u poruci, a **review** je tekst iz recenzije.

Tajni dio recenzije, koji ne vidi autor, je izvješće recenzenta.

Bilo bi dobro da se odmah promijeni status referata, **Accept** – prihvaćen, koji ide na doradu u **no desision**, a onaj koji se ne prihvaća u **Reject**.

Na kraju se svim prihvaćenim referatima u SO pošalje grupni mail da su im referati prihvaćeni s ocjenom i pitanjima.

Postoji mogućnost da i komunikaciju odradite ručno, van sustava, ako vam je tako jednostavnije. Neki voditelji to tako rade.

### **Dostava korigirani referata i da li ga ponovo treba dostaviti recenzentu (i kako)?**

Autori mogu napraviti **upload** nove - korigirane verzije referata sami, a vi dobivate obavijest o tome, a recenzent vidi novu verziju.

U slučaju da referat ide na doradu koja može trajati 5 dana (preporučeno), recenzent šalje II. recenziju koja je pozitivna ili negativna
